# INTERNSHIP

Grow. Experience. Empower.

## Grow.

Our internship is designed to give interns opportunities to grow their therapeutic skills as well as develop understanding of unique strengths to prepare them for a career in music therapy.

## Experience.

We provide a variety of experiences from leading sessions to collaborating with other therapists, facilitating social skills camps, trainings for parents and professionals.

## Empower.

Our internship is designed to give interns a strong foundation with a variety of tools in their tool belt to empower them to help their clients reach their highest potential.
